

MEMORANDUM

To: Newly appointed counsel

From: Frederick K. Ohlrich,
Court Administrator and Clerk of the California Supreme Court

Subject: **Avoiding unnecessary delay in processing fee and expense applications and applications for reimbursement of habeas corpus investigation services and expenses under the “time and costs” Payment Guidelines and the optional Fixed Fee Guidelines**

The Court has asked me to provide the following information, which is intended to help counsel avoid the more common errors and problems that delay the processing of fee and services/expense applications, including applications for habeas corpus investigation services and expenses, under the “time and costs” Payment Guidelines and the optional Fixed Fee Guidelines.

We urge you to familiarize yourself with the information described below. Additionally, we suggest that you share this information with your office’s accounting staff and any investigators or experts whom you may wish to retain, and that you encourage them to refer to it before they prepare each application or invoice. If you have any technical questions, please contact the Appointed Counsel Claims Administrator. If you have any broader questions, please contact Automatic Appeals Monitor Robert Reichman or myself.

Part I of this memorandum describes common problems and special rules regarding fee and services/expense requests in “time and costs” appointments. For more detail, refer to the “time and costs” Payment Guidelines (“Payment Guidelines for Appointed Counsel Representing Indigent Criminal Appellants in the California Supreme Court”). (Last published in 2002 Official Reports Advance Pamphlet No. 35, at Rules pages 9-19. In addition, these and related materials are available on the California Supreme Court’s judicial branch web site, www.courtinfo.ca.gov, and in West’s California Rules of Court.)

As an alternative to the time-and-costs Payment Guidelines, the Court encourages counsel to consider the optional “fixed fee payment system,” which, experience has shown, significantly reduces both the administrative burdens on appointed counsel and the delay in payment of compensation. Part II of this memorandum describes common problems and special rules regarding fee requests and habeas corpus investigation services/expense requests in “fixed fee” appointments. For more detail, refer to the Fixed Fee Guidelines (“Guidelines for Fixed Fee Appointments, on Optional Basis, to Automatic Appeals and Related Habeas Corpus Proceedings in the California Supreme Court”). (Last published in 2002 Official Reports Advance Pamphlet No. 35, at Rules pages 20-34. See also, the Supreme Court’s judicial branch web site, www.courtinfo.ca.gov, and West’s California Rules of Court.)

Moreover, *all* appointed counsel must become familiar with the “Supreme Court Policies Regarding Cases Arising From Judgments of Death.” (The Policies are last published in Advance Pamphlet No. 35 of the 2002 California Official Reports, at Rules pages 1-8. Again, see also the judicial branch web site, www.courtinfo.ca.gov, and West’s California Rules of Court.) Policy 3, which contains the Court’s “timeliness standards” and “compensation standards,” sets out, among other things, (1) the responsibilities and scope of representation expected of *all* appointed counsel in capital cases, and (2) the reimbursement of counsel for investigation services and expenses relating to habeas corpus representation.

I.

Common Problems and Special Rules Regarding “Time and Costs” Appointments

Lead appointed counsel must complete and submit an original and a copy of the “Cumulative Hours/Services and Expenses Compensation Form for Automatic Appeals and/or Related State Habeas Corpus/Executive Clemency Proceedings” (CHCF). As explained below, CHCF requests for payment of legal fees and related representation must be supported by an original and a copy of “activity logs.” (See series of model activity logs set forth in attachment #1.) As also explained below, CHCF requests for reimbursement of general (“incidental”) or habeas corpus investigation services and expenses must be accompanied by an original and a copy of a “Services and Expenses Reimbursement Request” (see attachment #II), which in turn must itemize and, as appropriate, provide documentation with activity logs for all service providers (see series of model activity logs for service providers, set forth in attachment #I) and original receipts.

A. *Discrepancies in Billed Hours*

In determining payment, the Court relies on the hours and amount listed by lead appointed counsel on the CHCF and supporting activity logs. Allowable hours are limited to the amounts reported on the CHCF, but if the individual entries on the activity log reflect a lower amount of billed hours, the Court will use the lower amount.

Sometimes the hours listed in the activity logs do not match the hours listed on the CHCF. Some possible sources of discrepancies are:

- calculation errors in the activity logs and/or the CHCF
- rounding up hours on the CHCF
- entries omitted from the activity logs
- page(s) missing from the activity logs
- typographical errors

B. *Upper-Benchmark Hours*

The upper range for the direct appeal benchmarks is generally reserved for those cases that have a record of 10,000 or more pages *and* that raise novel or difficult issues. (See “time and costs” Payment Guideline II, subpart I, 3, b.)

C. *Over-Benchmark Hours*

Over-benchmark hours may not be compensated unless counsel submits a detailed explanation for them. Please be aware of the limitations on allowable hours. (See “time and costs” Payment Guideline II, subpart I [“Special rules for capital cases”]) and Payment Guideline II, subpart I, 3 [“allowable hours” benchmarks].)

D. *Categorization of Hours*

Hours that are miscategorized on the CHCF can lead to delays in the processing of fee applications. Please note the following:

1. The category for appellate counsel's reading of the record and producing computerized transcript notes (category 1a), and the category for record review by separate habeas corpus/executive clemency counsel or any appellate counsel not producing computerized transcript notes (category 1d), refers to the record on appeal (reporter's and clerk's transcripts) certified by the trial court. Be sure to specify the number of pages reviewed.
2. Meetings with trial counsel and review of trial counsel's files should ordinarily be categorized as one of the following: appellate counsel's compiling and maintaining a list of potentially meritorious habeas corpus issues that come to appellate counsel's attention (CHCF category 1b), record correction/augmentation efforts to verify the completeness of the record on appeal (CHCF category 2), opening brief research and preparation (CHCF category 5) or investigation and writing of a habeas corpus petition (category 8).
3. Extension-of-time requests should be categorized according to the stage of representation to which they relate.
4. Travel time is compensable only if the travel was reasonably necessary. Travel time during which counsel could not perform legal work (e.g., driving time) is compensable at the hourly rate for legal services and is billed only under category 16 ("Travel"). However, counsel will not be compensated for driving time and mileage beyond the cost for the same journey by airline.

"In flight" travel time, or other non-driving time during which legal work could be performed, generally is not compensable unless counsel separately provides a written explanation indicating that counsel conducted case-related work during such travel time, and assigns that work to a specific category of representation on the CHCF, other than category 16 ("Travel").
5. CHCF category 17 ("Other") should be reserved for items clearly not identified in categories 1-16. Representation concerning trial court proceedings to set an execution date is billed under category 17a. Executive clemency representation is billed under category 17b.
6. Conferences with appellate or habeas corpus counsel, or an assisting entity (the Habeas Corpus Resource Center, the State Public

Defender, the California Appellate Project or other assisting counsel), should be categorized according to the relevant stage of representation.

7. The standard for preparation of extension-of-time requests and 60-day status reports is up to 0.5 hours per request or report.

E. *General (“Incidental”) Paralegal/Law Clerk Hours*

Reimbursement for general (“incidental”) paralegal/law clerk hours (i.e., those hours not related to habeas corpus investigation) may be appropriate up to 30 percent of the corresponding attorney benchmark. However, it is expected that exceptionally high paralegal/law clerk hours will reduce attorney hours for those services. (See “time and costs” Payment Guideline III [“Necessary Expenses”], subpart C, 6, b, (1).)

Reimbursable habeas corpus investigation services and expenses include services and expenses of law clerks, paralegals, etc., serving as habeas corpus investigators (Policy 3, std. 2-2.1, 1st par.), discussed in further detail *post*, at section I.G. of this memorandum.

F. *General (“Incidental”) Services and Expenses*

Many fee requests have been delayed solely because of the failure to present claims for reimbursement of general (“incidental”) services and expenses in a clear and orderly fashion. As noted above, CHCF requests for reimbursement of general services and expenses must be accompanied by an original and a copy of a “Services and Expenses Reimbursement Request” (see attachment #II), which in turn must itemize and, as appropriate, provide documentation with activity logs (see series of model activity logs set forth in attachment #I) and original receipts.

Use the sample request set forth as attachment #II as a model. Note: Do not simply list all such services and expenses. Instead, itemize services and expenses chronologically by CHCF category and provide documentation -- activity logs and/or original receipts -- when required. Fee and services/expense applications with an otherwise straightforward hourly fee claim will require more time to process if the services and expenses are not in order.

1. Expenses that do not require documentation:

The “time and costs” Payment Guidelines do not require documentation for the following expenses:

- Photocopying up to \$100/month. (However, you must indicate the rate charged, which may not exceed \$.10/page.)
- Telephone up to \$50/month.
- Meals (the following amounts are allowable when the travel period is 24 hours or more):
 - Breakfast: Actual cost of meal not to exceed \$6.
 - Lunch: Actual cost of meal not to exceed \$10.
 - Dinner: Actual cost of meal not to exceed \$18.
 - Incidentals (may be claimed for 24-hour periods only): Actual cost, not to exceed \$6.
 - Limitations on meal reimbursement: Lunch allowance may not be claimed on a one-day trip. Breakfast allowance and dinner allowance may be claimed, at the actual cost of the meal, and limited to the above amounts, for any travel period, if the expenses were incurred at least 25 miles from home or office, and at least one hour before or after the normal work day (which is 8:00 a.m. to 5:00 p.m.).
 - Exceptions to meal-reimbursement limitations: Breakfast allowance may be claimed, at the actual cost of the meal, not to exceed \$6, if travel of at least 25 miles began before 7:00 a.m. If such travel is completed after 6:00 p.m., dinner allowance, at the actual cost of the meal, not to exceed \$18, may be claimed.
- Hotel/lodging up to \$47/night. (Note: State Board of Control rules currently allow reimbursement up to \$110/night plus tax and energy surcharge *if* original receipts are provided.)
- Rental car up to \$47/day. (Note: Loss damage waiver (LDW) is not reimbursable.)
- Parking/tolls/taxis up to \$47/day.
- All other single transactions up to \$100. But counsel must explain all postage expenses above \$50 per month.

2. Services and expenses that require documentation:

a. It is essential that the following services and expenses be accurately claimed and supported by documentation, as described below:

- Paralegals/law clerks.
 - All paralegal/law clerk time and expenses must be supported with activity logs [see *post*, model activity logs, attachment #I.D.].
 - All hours above benchmark must include justification.
- Photocopying (rate may not exceed \$.10/page).
 - Commercial photocopying jobs exceeding \$100 must be supported by an original receipt.
 - “In house” photocopying expenses exceeding \$100/month must be explained; additionally, provide a breakdown of photocopying expenses by month for the entire billing period.

b. State Board of Control rules require that the least expensive alternative be used. Accordingly, specify the reasonableness of and necessity for the following expenses:

- Travel.
 - Bill mileage at no more than the authorized rate, currently \$.34/mile.
 - Provide the dates, destination and purpose for each trip.
 - Lodging will not be reimbursed beyond \$110/night, plus tax. Meals will not be reimbursed beyond the limits set forth above. LDW in the car rental contract, movies, laundry, mini-bar, etc., will not be reimbursed. (Note: See *ante*, section I.F.1. of this memorandum, listing expenses that must be itemized but do not require documentation.)
- Computerized Research.
 - Describe with specificity the nature of the research conducted (Shepard’s, Autocite, Westlaw or Lexis issue searches, etc.).

- Charges for extensive “on-line” reading and/or printing of cases are not reimbursable, unless counsel explains in writing why this was the least expensive alternative.
- Administrative overhead charges may not be billed and will not be reimbursed.
- Facsimile (FAX) Transmission, Overnight Mail and Messenger Services.
- State the rate used for FAX.
- Briefs and petitions may be delivered for filing by messenger; other uses of messenger services are discouraged and must be explained.

3. Non-reimbursable expenses:

The following expense items are not reimbursable:

- Supplies.
- Word processing or secretarial services.
- Overtime.
- Personal items for the appellant/petitioner.

G. *Habeas Corpus Investigation Services and Expenses*

1. \$25,000 in investigation services and expenses:

Habeas corpus/executive clemency counsel appointed on or after October 12, 1997, and many counsel appointed prior to that date, may incur habeas corpus investigation services and expenses up to a maximum of \$25,000, without prior court authorization. Reimbursement exceeding that amount will not be authorized before the issuance of an order to show cause. This policy applies to both “time and costs” and “fixed fee” cases. (Policy 3, std. 2-2.1, 1st par.)

2. Scope of duty to investigate:

The authorized maximum of \$25,000 per case is payable for habeas corpus investigation services and expenses reasonably incurred “pursuant to the duty to investigate as described in standard 1-1” of the Court’s Policies Regarding Cases Arising From Judgments of Death. (Policy 3, std. 2-2.1, 1st par.)

- The duty to investigate is limited to investigating potentially meritorious grounds for relief that come to counsel’s attention in the course of reviewing appellate counsel’s list of potentially meritorious habeas corpus issues, the transcript notes prepared by appellate counsel, the appellate record, trial counsel’s existing case files and the appellate briefs, and in the course of making reasonable efforts to discuss the case with the defendant, trial counsel and appellate counsel. (Policy 3, std. 1-1, 2d par.)
- Counsel’s duty to investigate does not impose an obligation to conduct, nor does it authorize the expenditure of public funds for, an unfocused investigation having as its object uncovering all possible factual bases for a collateral attack on the judgment of death. Instead, habeas corpus/executive clemency counsel has a duty to investigate potential habeas corpus claims only if counsel has become aware of information that might reasonably lead to actual facts supporting a potentially meritorious claim. (Policy 3, std. 1-1, 2d par.)

3. Reimbursement for services and expenses related to noncognizable claims:

Counsel generally will not be awarded compensation for fees or reimbursement for services and expenses relating to matters that clearly are not cognizable in a petition for writ of habeas corpus. (Policy 3, std. 2-5.)

4. Reimbursement for habeas corpus investigation services and expenses of law clerks, paralegals and State Bar members:

- Reimbursable habeas corpus investigation services and expenses include services and expenses of law clerks, paralegals, etc., serving as habeas corpus investigators, including any travel associated with such investigation. (Policy 3, std. 2-2.1, 1st par.) Use of law clerks, paralegals, etc., in this capacity is calculated against the \$25,000 cap for investigation services and expenses. (*Ibid.*)

- Law clerks who are not members of the State Bar of California may be compensated at a rate not to exceed \$40 per allowable hour. (Payment Guideline III, subpart C, 6, a, (1).)
- Paralegals may be compensated at a rate not to exceed \$40 per allowable hour. (Payment Guideline III, subpart C, 6, a, (2).)
- Active members of the State Bar of California who are not appointed to the case may be compensated at a rate not to exceed \$98 per allowable hour. (Payment Guideline III, subpart C, 6, a, (3).)
- For model activity logs of nonappointed associate counsel and paralegals billing hours and expenses related to appointed counsel's habeas corpus investigation, see *post*, attachments #I.C. and #I.E., respectively.

5. Reimbursement for habeas corpus investigation services and expenses of investigators and experts:

- Counsel must establish that the use of an expert's services is reasonably necessary under the facts of the case. (Payment Guideline III, subpart C, 7, a.)
- Counsel must include in the request for reimbursement a representation that the rate requested does not exceed the investigator's or expert's customary rates for the services performed (Payment Guideline III, subpart C, 7, a, (1)) *and* that the rate requested does not exceed local prevailing rates for the services performed (Payment Guideline III, subpart C, 7, a, (2)).
- As a general rule, the Court will not provide reimbursement for the services of experts and investigators above the maximum specified rates. (Payment Guideline III, subpart C, 7, a.) In exceptional circumstances, when the need is documented and prior authorization is obtained, reimbursement for services beyond the maximum rates may be provided. (Payment Guideline III, subpart C, 7, c.)
- Maximum rate range for investigators is \$55-75 per hour. (Payment Guideline III, subpart C, 7, b, (1).)

- Maximum rate range for penalty phase consultants is \$60-75 per hour. (Payment Guideline III, subpart C, 7, b, (2).)
- Maximum rate range for psychiatrists and other medically licensed mental health experts is \$200-275 per hour. (Payment Guideline III, subpart C, 7, b, (3).)
- Maximum rate range for other forensic experts is \$125-200 per hour. (Payment Guideline III, subpart C, 7, b, (4).)
- Maximum rate range for psychologists (Ph.D.'s) is \$150-200 per hour. (Payment Guideline III, subpart C, 7, b, (5).)
- The maximum rate for attorneys serving as experts is \$125 per hour. (Note: Until an order to show cause is issued, *or* counsel for the respondent submits an expert declaration in its informal opposition to a habeas corpus petition, the Court will not approve payment for attorney “expert opinion” in the form of declarations, etc.) (Payment Guideline III, subpart C, 7, b, (6).)
- For model activity logs of investigators and experts billing hours and expenses related to appointed counsel’s habeas corpus investigation, see *post*, attachments #I.F. and #I.G., respectively.

H. *Reimbursement for Compensation of Persons Performing Legal Services, Other Than Appointed Counsel*

1. Appointed counsel shall describe with specificity the legal services and number of hours of work performed by each nonappointed counsel, so the Court can evaluate the reasonableness of the services and expenses as part of appointed counsel’s overall claim. (Payment Guideline III, subpart C, 6, b, (1).)
2. The hours devoted to legal services by nonappointed counsel, and any “exceptionally high” hours attributed to law clerks and paralegals (i.e., hours exceeding 30 percent of the benchmark hours for appointed counsel for any given stage), are expected to reduce the hours that appointed counsel will devote to those services. (Payment Guideline III, subpart C, 6, b, (1).)

3. Appointed counsel shall not delegate to others those functions that require the ability and experience for which counsel was appointed. (Payment Guideline III, subpart C, 6, b, (2).)
4. Appointed counsel shall supervise and have full responsibility for the services performed by others. (Payment Guideline III, subpart C, 6, b, (3).)

I. Documentation and State Board of Control Rules

1. Activity logs of appointed counsel and service providers:

All appointed counsel, and all service providers (nonappointed counsel, law clerks, paralegals, experts and investigators), must separately prepare an activity log in support of all hours billed in the CHCF. Each activity log should contain a current name, address and telephone number for the attorney or service provider; the relevant billing period; the case name; the total number of hours billed; the rate billed; and, for each activity billed, the date, the category on the CHCF for which the hours are reported, the hours billed (in increments of a tenth of an hour) and a short description of the activity. (See series of model “activity logs” for lead appointed counsel, associate appointed counsel, nonappointed associate counsel, paralegals, experts and investigators, set forth in attachment #I.)

2. Itemization and original receipts:

In support of a CHCF request for reimbursement of services and/or expenses, lead appointed counsel must attach an original and a copy of a “Services and Expenses Reimbursement Request,” which itemizes all services and expenses, and must provide in the request the *original* receipts for travel expenses (airfare, car rental, hotel bills, etc.) exceeding \$47 per day, telephone and copying expenses exceeding \$50 and \$100 per month, respectively, and all other single transactions that exceed \$100. (Payment Guideline III, subpart C, 1st par.) The Court advises counsel to keep all receipts in the event documentation is later required. (*Ibid.*) (See model request set forth in attachment #II.)

Note: See *ante*, section I.F.1. of this memorandum, listing expenses that must be itemized but do not require documentation.

3. Original and copy of request:

Lead appointed counsel must submit an original and one copy of each request for hourly compensation and/or reimbursement for services and expenses, including all required activity logs, original receipts and other documentation.

4. Reimbursement of itemized, reasonable services and expenses:

Services and expenses will be reimbursed to the extent they are itemized, reasonable and necessarily incurred during the course of the capital representation, and otherwise comply with the Court's procedures. (Payment Guideline III, subpart A.)

- Note: State Board of Control rules require that the least expensive alternative be used for all expenses. Therefore, specify the reasonableness of and necessity for all expenses not authorized by Payment Guideline III, subpart C ("Reimbursable expenses").

5. Current 60-day status report:

Each request for hourly compensation and/or reimbursement of services and expenses must be accompanied by a current 60-day status report, if a status report is required. Status reports must be submitted by lead appellate counsel every 60 days through the filing of the opening brief, and by lead habeas corpus/executive clemency counsel, appointed prior to finality of the direct appeal, every 60 days through the filing of any related habeas corpus petition.

6. Declaration pursuant to Penal Code section 1241:

Each request by lead appointed counsel for hourly compensation and/or reimbursement of services and expenses also must be accompanied by a declaration, under penalty of perjury, pursuant to Penal Code section 1241, stating that the figures set forth in Parts 2–3 of the CHCF represent the hours and expenses incurred in the discharge of counsel's duties under the appointment, and that appointed counsel has neither received nor been promised any compensation for those hours and expenses from any other source whatsoever. The approved declaration is contained in Part 4 of the CHCF.

J. *Partial Hourly Payments Prior to Court Review*

In order to reduce delay in payment of attorney claims for hourly fees, the Court automatically makes partial payments on interim hourly fee claims while these claims are pending full court review. These accelerated payments include automatic initial payment of 75 percent of hourly fee claims up to 75 percent of the upper benchmark established for each specific stage of capital representation, excluding reimbursement for general (“incidental”) appellate and/or habeas corpus investigation services and/or expenses.

II.

***Common Problems and Special Rules Regarding
“Fixed Fee” Appointments***

Procedures for obtaining fixed fee progress payments are set forth below. In addition, although general (“incidental”) services and expenses are included within any fixed fee (see *post*, section II.F. of this memorandum), counsel who have opted for a fixed fee appointment must nevertheless familiarize themselves with these rules in order to obtain reimbursement of habeas corpus *investigation* services and expenses. (See model “Services and Expenses Reimbursement Request,” set forth in attachment #III.)

A. *Progress Payment Schedules*

All fixed fee progress payments are subject to counsel’s compliance with Fixed Fee Guideline 5 (“Progress Payments”). Separate schedules of requisite progress stages are set forth for counsel appointed to (a) the direct appeal and habeas corpus/executive clemency proceedings, (b) the direct appeal only, and (c) habeas corpus/executive clemency proceedings only.

B. *Written Request for Progress Payment*

Lead appointed counsel shall present a written request for each fixed fee progress payment, serve a copy of that request on any appointed associate counsel and the assisting entity, and specify completion of all requisite tasks of representation set forth in Fixed Fee Guideline 5. A copy of any declaration or other writing by appointed counsel to the Court, in support of a request for a progress payment, shall indicate service on all other appointed counsel and the assisting entity.

C. Declaration Pursuant to Penal Code Section 1241

Each written request for a fixed fee progress payment must contain a declaration by lead appointed counsel, pursuant to Penal Code section 1241, as follows:

Declaration pursuant to Penal Code section 1241

I, _____, was appointed by the Supreme Court of California as lead counsel in the above-entitled matter, and have completed the requisite tasks set forth in Fixed Fee Guideline 5 (“Progress Payments”).

I have not received, nor have I been promised, any compensation for the above-described tasks from any other source whatsoever.

I declare under penalty of perjury that the foregoing is true and correct.

Dated: _____

D. Current Status Report by Lead Appellate Counsel

Until the appellant’s opening brief has been filed, lead appellate counsel must have a current status report on file. (Fixed Fee Guideline 5, 1st par.)

E. Current Status Report by Lead Habeas Corpus/Executive Clemency Counsel

Until a habeas corpus petition has been filed, lead habeas corpus/executive clemency counsel must have a current status report on file. (Fixed Fee Guideline 5, 1st par.)

F. General (“Incidental”) Services and Expenses

General (“incidental”) services and expenses (i.e., services and expenses not related to a habeas corpus investigation), are not separately reimbursable to

counsel, because those services and expenses are already included within the fixed fee. (Fixed Fee Guideline 2 [“Incidental and Investigative Expenses”].)

G. *Habeas Corpus Investigation Services and Expenses*

1. In all fixed fee appointments, lead habeas corpus/executive clemency counsel seeking reimbursement for habeas corpus investigation services and/or expenses must complete and submit Part 1, category 20b of Part 3 (“Habeas Corpus *Investigation Services and Expenses*”), and Part 4 of the CHCF.

Counsel also must submit an original of a “Services and Expenses Reimbursement Request” (see attachment #III), which in turn must itemize and, as appropriate, provide activity logs for all service providers and original receipts. Copies are not required of “fixed fee” counsel. (See “Documentation and State Board of Control Rules,” *ante*, section I.I. of this memorandum, regarding itemization, presentation of original receipts, presentation of original of reimbursement requests, etc.)

Note: See *ante*, section I.F.1. of this memorandum, listing expenses that must be itemized but do not require documentation.

All service providers (nonappointed counsel, law clerks, paralegals, experts and investigators) must separately prepare an activity log in support of all investigation hours billed in category 20b of Part 3 of the CHCF. Each activity log should contain a current name, address and telephone number for the attorney or other service provider; the relevant billing period; the case name; the total number of hours billed; the rate billed; and, for each activity billed, the date, the hours billed (in increments of a tenth of an hour) and a short description of the activity. (See series of model “activity logs” for nonappointed associate counsel, paralegals, investigators and experts, set forth in attachment #I.)

2. Reimbursable habeas corpus investigation services and expenses include services and expenses of law clerks, paralegals, etc., serving as habeas corpus investigators, including any travel associated with such investigation. (Policy 3, std. 2-2.1, 1st par.) Use of law clerks, paralegals, etc., in this capacity is calculated against the \$25,000 cap for investigation services and expenses. (*Ibid.*)

3. Appointed counsel will be reimbursed for habeas corpus investigation services and expenses reasonably incurred pursuant to the duty to investigate as described in standard 1-1 of the Court's Policies Regarding Cases Arising From Judgments of Death (Policy 3, std. 2-2.1, 1st par.).
4. Reimbursement for habeas corpus investigation services and expenses of law clerks, paralegals, State Bar members, investigators, penalty phase consultants, psychiatrists and other medically licensed mental health experts, other forensic experts, psychologists, and other attorneys serving as experts, is limited to services and expenses incurred in compliance with the State Board of Control rules set out in "time and costs" Payment Guideline III ("Necessary Expenses"), subpart C, regarding travel, lodging, the use of investigators and experts, etc. (see Fixed Fee Guideline 2 ["Incidental and Investigative Expenses"]), described *ante*, at section I.G. of this memorandum.
5. Counsel generally will not be awarded reimbursement for services and expenses relating to matters that are clearly not cognizable in a petition for writ of habeas corpus. (Policy 3, std. 2-5.)
6. Each request by lead appointed counsel for reimbursement of habeas corpus investigation services and/or expenses also must be accompanied by a declaration, under penalty of perjury, pursuant to Penal Code section 1241, stating that the figures set forth in Parts 2–3 of the CHCF represent the hours and expenses incurred in the discharge of counsel's duties under the appointment, and that appointed counsel has neither received nor been promised any compensation for those hours and expenses from any other source whatsoever. The approved declaration is contained in Part 4 of the CHCF.

H. "Second Counsel Override"

There is no "second counsel override" in fixed fee cases (see Fixed Fee Guideline 7).

Billing period: 2/1/98 - 5/1/98

A. General (“Incidental”) Expenses

1. “In House” Photocopying
(billed at \$.10/pg.)

February 1998 (1,000 pp.)	\$100.00

¹ The opening brief was filed on April 15, 1998. We photocopied several sets of drafts before filing the brief.

² The February 20, 1998, expense was incurred for copying records at the Placer County Courthouse. We were not allowed to remove documents from the premises and had to use on-site photocopiers at \$.20/page.

⁵ Postage for March 1998 exceeded \$50/month because our office sent associate counsel and CAP several drafts of the opening brief.

⁶ The rate used for facsimile transmissions was \$.50/page. We used facsimile to transmit to associate counsel last minute corrections on the opening brief. Because time was short, we could not rely on the usual methods of delivery.
